Why Massage?

Your retreat gives you the opportunity to step away from the routine of everyday life and renew your connection to God.

Massage is a gentle, non-invasive method for enhancing relaxation of the body, stillness of the mind, healing and renewal of your energy. Massage cares for your body without judging. It can help you accept yourself just as you are. Taking care of our physical body is a way of being grateful for the wonderful gift of life from God.

Massage is a useful tool to becoming more centered, to focus on the present moment and to appreciate this moment in time.

They will utilize a variety of specialized techniques to personalize your massage experience. Whether you have a chronic condition you want to treat or stress and tension to remove, you will be glad you scheduled an appointment.

Please arrive for your appointment on time. Your Therapist will ask you if you have any health concerns and if you would like any specific area worked on. You will sign a 'massage consent' form.

Please communicate with your Therapist if you have any concerns or if any part of the massage is uncomfortable.
