Our featured speakers are the Capuchin friar staff. Francis is so often recognized for his love of creation and animals. This love flowed from a deep peace within him. He lived more than 800 years ago and yet his life and message are almost timeless. In a world, a country, increasingly violent, Francis has something to say to us today. Francis the instrument of peace, challenges us.

There is also  
sufficient "quiet"  
time to reflect on  
God's gifts.
