

# What are you searching for?

Are you searching for something in your life? Young adults today are searching for their true identity asking the questions, “Who am I? What gifts do I have to offer? Where is God in my Life? What is the next step for me? Will I ever find someone?” Yet it is important to know that you are never alone in the search and the journey.

The answer may be right in front of you and you may not even be aware of it! We invite you to join us on a weekend filled with spiritual topics that will ground your searching in the foundation of Christ’s vision for you!

Come and meet other young adults ages 18-35 and allow God’s love to overflow your heart with abundant grace and blessings.

Join us at Capuchin Retreat located at 62460 Mt. Vernon Rd
