

About the Presenter

Rick Benedict, Ph.D. has been a teacher, coach, educational consultant, principal, and is currently a professor at Madonna University. Rick is also a commissioned Spiritual Director trained through the Jesuits at Manresa.

Rick's deeper qualifications have been developed by living - being a son, a husband, a father, a teacher, and a seeker of God's healing have helped Rick develop a compassion for others. His journey was deepened when he battled cancer and learned to surrender to God's love.

“...And never forget that I am with you every day, even to the completion of this age.” Mt 28:20

Deepening your experience of God

The greatest experience in life is to have a profound relationship with God. We are meant to be happy, joyful and free. These days are being set aside to come away to Capuchin Retreat and deepen your experience of God in these three primary ways, God's Love, God's Joy and God's Wisdom.

Dr. Benedict is a man who has immersed himself in deepening his experience with God over many years. His gentle and kind disposition will help you to enter into a deeper relationship with a most loving God. Many years ago, he was diagnosed with cancer and was told his disease was fatal. He eventually had a total bone marrow transplant and spent three months in U of M hospital. This caused him to reflect on what it means to have a trusting relationship with God. You will be profoundly awed by his presentation and the discussions that will follow.

Reserve these dates, come to Capuchin Retreat and deepen your spiritual life. Each day will be a moving experience.

The day begins at 9 am with registration & continental breakfast, followed by the program, (lunch included) and concludes at 3 pm.

In each of these three workshops we will get acquainted with one another; take turns reading short, targeted verses from Scripture; reflecting on what is read; considering how the text seems to speak to us personally; and discussing what we think and how we feel as God's Word speaks to each of us, here and now.

The suggested offering for this program is \$40
